

“Catalina, your entire wait staff and beverage team members were brilliant and kept our group’s glasses topped all night, and the very best schedule ticking over. A special thanks for looking after our events team and performers alike.

Special thanks also go to the Kitchen & behind the scenes team – the food was superb. The dinner event was truly a success.”

“You are to be congratulated on the high standards of service exhibited by your staff. My husband and I are members of the Autumn Shorn committee which held a fund raising event at Catalina’s last Saturday evening. We felt your staff were very efficient and looked after the guests especially well. Staff were friendly & helpful and coped incredibly well with a large and noise crowd who constantly moved about. Please pass on our compliments on a job well done and to your chefs; the cocktail food was absolutely delicious. No doubt you will hear officially, but I wanted to add congratulations because high standards should not be taken for granted. Thank you for a memorable night”
